Moon

written & performed by Chandni Mistry
directed by Jake Leonard

'very good and funny Jianna, 9'

produced in association with Upstairs at the Western

★★★★★
'creative & brilliant!' Shreya, 10'

Dada

About the show

Diya's Dada says and does the silliest things!

Now he's telling her his mother's, mother's, mother flipped her roti too high and it landed in the sky! He says it's a roti moon!

Diya sets out to find out about the moon and show Dada it's not a roti.

She meets some great animal characters on the way.

A fun, interactive show for up to 10's and their grownups.

Meet the team:

Chandni Mistry is a Midlands based actor who has performed in many children's shows including at Curve Leicester & touring. Chandni means moonlight.

Fishhouse Theatre have been telling women's stories since 2015. Resident company at Upstairs at the Western theatre, this is their first show for families and they've loved every minute of making it.

Director :
Jake Leonard

Original music :
Inês Sampaio - Figueiredo

Designer

Roti Moon

★★★★★
I really loved the Roti Moon play!
Sienna, 6

We also offer a low tech version of the show. We don't bring the set or the lights but we do have our own portable PA for the sound. We have a get in of 1.5 hours and can be out in 20 minutes!

The show is 1 hour long including an intro & warmup. It is offered with a full technical set up where we bring in set, sound and lights. We need a 2 - 3 hour get in and we tour with one actor, one stage manager and a technician. Our get out is 1 hour. We need a playing space of 4 m square and will fit in a normal height room.

The low tech show format is very flexible and can fit most library/school spaces.

UPSTAIRS
at The Western

Meet the characters...

Owl

The performance starts with a short introduction to theatre, a warm up and a practice of all the interactive sounds and movements. It's fun!
